

Dear HFP Family,

As you can imagine, Joan and I are both saddened to witness the closing chapter of this special place. Holistic Family Practice has been a home for healing and wellness for patients and practitioners for more than three decades.

While every momentous change brings emotional and practical challenges, these times of transition have a silver lining: the possibility of new growth, new beginnings. We both look forward to deepening our practices, bringing new clinical tools and expertise as we partner with you to strengthen mind, body, and spirit.

We are happy to let you know that our new joint practice will be located at **11 Market Square (unit 8, second floor), Newburyport**—and that our practices will continue without interruption. We will be happily settled and ready to go starting Tuesday, September 5.

Going forward, **Joan can be reached at 978.499.3955. Ranan can be reached at 978.499.3855 downtown, or at 603.659.2528 (home office) or at 603.431.6677, ext. 240 (Whole Life Healthcare).**

We both look forward to continuing to work holistically and collaboratively with our patients in the years ahead, cultivating the same principles of practice and the same spirit of care that have always defined our approach at HFP. (The insurances we accept also will remain unchanged.)

Meanwhile, further information about Ranan's practice can be found at [Whole Life Healthcare](#), an integrative practice in Newington, NH, where he works with many other holistic practitioners.

This letter comes with our sincerest thanks to all of you—and with anticipation of continuing our partnership, as we support your search for mind-body wellness.

Sincerely,

**Ranan Cohen, RDN, LDN**  
**Clinical Nutritionist**

**Joan Flynn, PT**  
**Physical Therapist**
